

HEAVY METAL BRACELET

As seen in BEAD (issue 15 - April/May 2009)

MATERIALS:

- 4 silver plated 25mm hemisphere metal buttons
- 4 Flower Life pink buttons with bachelor buttons, primroses, hyacinth and fringed gromwells
- 4 silver coloured 5mm plastic beads
- 18cm (7") silver plated 10x8mm chain
- 1 toggle clasp
- 14 silver plated 5mm jump rings
- 8 silver plated 10mm jump rings

TOOLS: pliers

FINISHED SIZE:
20cm (8")

RESOURCES: check your local bead store or contact Photobeads (wholesale only), www.photobeads.eu

INSTRUCTIONS:

1. Using 2 small jump rings attach both clasp parts to the different ends of the chain to make a bracelet.
2. Divide the metal buttons equally over the whole length of the chain and mark the links where you want to attach the buttons.
3. Lay one button upside down and slide a marked link on. Use two small jump rings to connect the neighbouring chain links to the buttonhole. Put one more jump ring through the button hole and close.
4. Repeat step 3 with the rest of the metal buttons.
5. Use one large jump ring to attach a Flower Life button to the chain between two metal buttons. Use another large jump ring to attach a small plastic bead to the Flower Life button.
6. Repeat step 5 with the rest of the Flower Life buttons.

Not heavy at all!
