- 1 silver plated 7mm jump ring
- 1 silver plated eye pin

TOOLS: pliers, round nose pliers, wire cutters

FINISHED SIZE: (including charms) 77cm

RESOURCES: check your local bead store or contact Photobeads (wholesale only), www.photobeads.eu

INSTRUCTIONS:

1. Cut orange cord in two even pieces. Put the three cords together and insert them into one coil crimp. Bend the last coil turn with pliers so as to clamp into the cords. Weave the cords into a braid and insert the end of it into the second coil crimp. Bend the last coil turn with pliers so as to clamp into the cords.
2. Using 5mm jump rings attach the different parts of the clasp to the different ends of the braid.
3. Attach one 5mm jump ring to the yellow rice charm. Use one more jump ring to attach the ring on the charm to the round part of the toggle clasp.
4. Attach the 7mm jump ring to the vessel pendant. Connect 6 jump rings end to end to form a chain. Use the first and the last ring of the chain to connect the vessel pendant to the round part of the toggle clasp.
5. Use one jump ring to connect the shark tooth charm to the eye of the eye pin. On the eye pin string one bead cap, the photobead and the second bead cap. Make a simple loop. Use the last jump ring to connect the loop to the round part of the jump ring.
